

Checkstand and Cool Spot

The Checkstand and Cool Spot are the perfect point-of-purchase promotional displays for high traffic areas. Their small footprint makes maximum use of valuable checkout areas. Because they draw low voltage, these units can be easily moved as seasonal trends or store traffic demand.

*Checkstand (left),
Cool Spot (right, shown with options)*

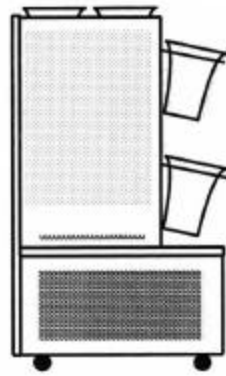

Standard Features

- Open design promotes impulse buying
- High quality components
- Thermostatically controlled
- Temperature control for fresh flowers or tropicals allowing cross-merchandising
- Automatic condensate evaporation
- Automatic defrost initiation and termination
- Bottom-mount refrigeration to minimize noise and vibration
- Checkstand in matte black high density laminate, stainless steel and aluminum components; with/without casters
- Cool Spot available as matte or gloss; on glides
- Oversized evaporator coil minimizes moisture removal, keeping relative humidity high
- Uniform air flow and low air velocity over the flowers prevents hot spots and reduces dehydration
- Cord connected

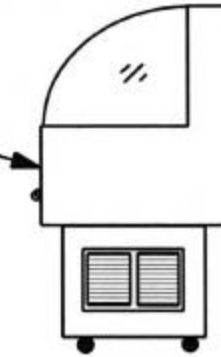

Options

- Special finishes and colors in gloss or matte
- 4 year extended compressor warranty—5 year total
